# What Is PACT?

- NYCHA needs \$40 billion to fully renovate and modernize its housing, but the federal government has provided only a fraction of the funding needed.
- Through PACT, developments are included in the Rental Assistance Demonstration (RAD) and convert to a more stable, federally funded program called Project-Based Section 8.
- PACT unlocks funding to complete comprehensive repairs, while keeping homes permanently affordable and ensuring residents have the same basic rights as they possess in the public housing program.

## PACT Investments & Improvements

*Renovated apartment at Twin Parks West*

*Site improvements at Baychester*

*Repaired roof and solar panel system at Ocean Bay (Bayside)*

*Renovated building entrance at Ocean Bay (Bayside)*

# How PACT Works

PACT depends on partnerships with private and non-profit development partners, who are selected based on resident input.

## COMPREHENSIVE REPAIRS

Development partners bring design and construction expertise. They address all the physical needs at the development.

## PROFESSIONAL MANAGEMENT

Property management partners are responsible for the day-to-day operation and upkeep of the buildings and grounds.

## ENHANCED SERVICES

Partnerships with social service providers help improve on-site services and programming through input from residents.

## PUBLIC CONTROL: NYCHA & RESIDENTS

Your development will remain under public control. After conversion, NYCHA will continue to own the land and buildings, administer the Section 8 subsidy and waitlist, and monitor conditions at the development. Where needed, NYCHA can step in to resolve any issues that may arise between residents and the new property management team.

*Betances*
