STUY GARDENS II

# What Is PACT?

- NYCHA needs \$78.3 billion to fully renovate and modernize its housing, but the federal government has provided only a fraction of the funding needed.
- Through PACT, developments are included in the Rental Assistance Demonstration (RAD) and convert to a more stable, federally funded program called Project-Based Section 8.
- PACT unlocks funding to complete comprehensive repairs, while keeping homes permanently affordable and ensuring residents have the same basic rights as they possess in the public housing program.

## PACT Investments & Improvements

*Renovated apartment at Twin Parks West*

*Site improvements at Baychester*

*Repaired roof and solar panel system at Ocean Bay (Bayside)*

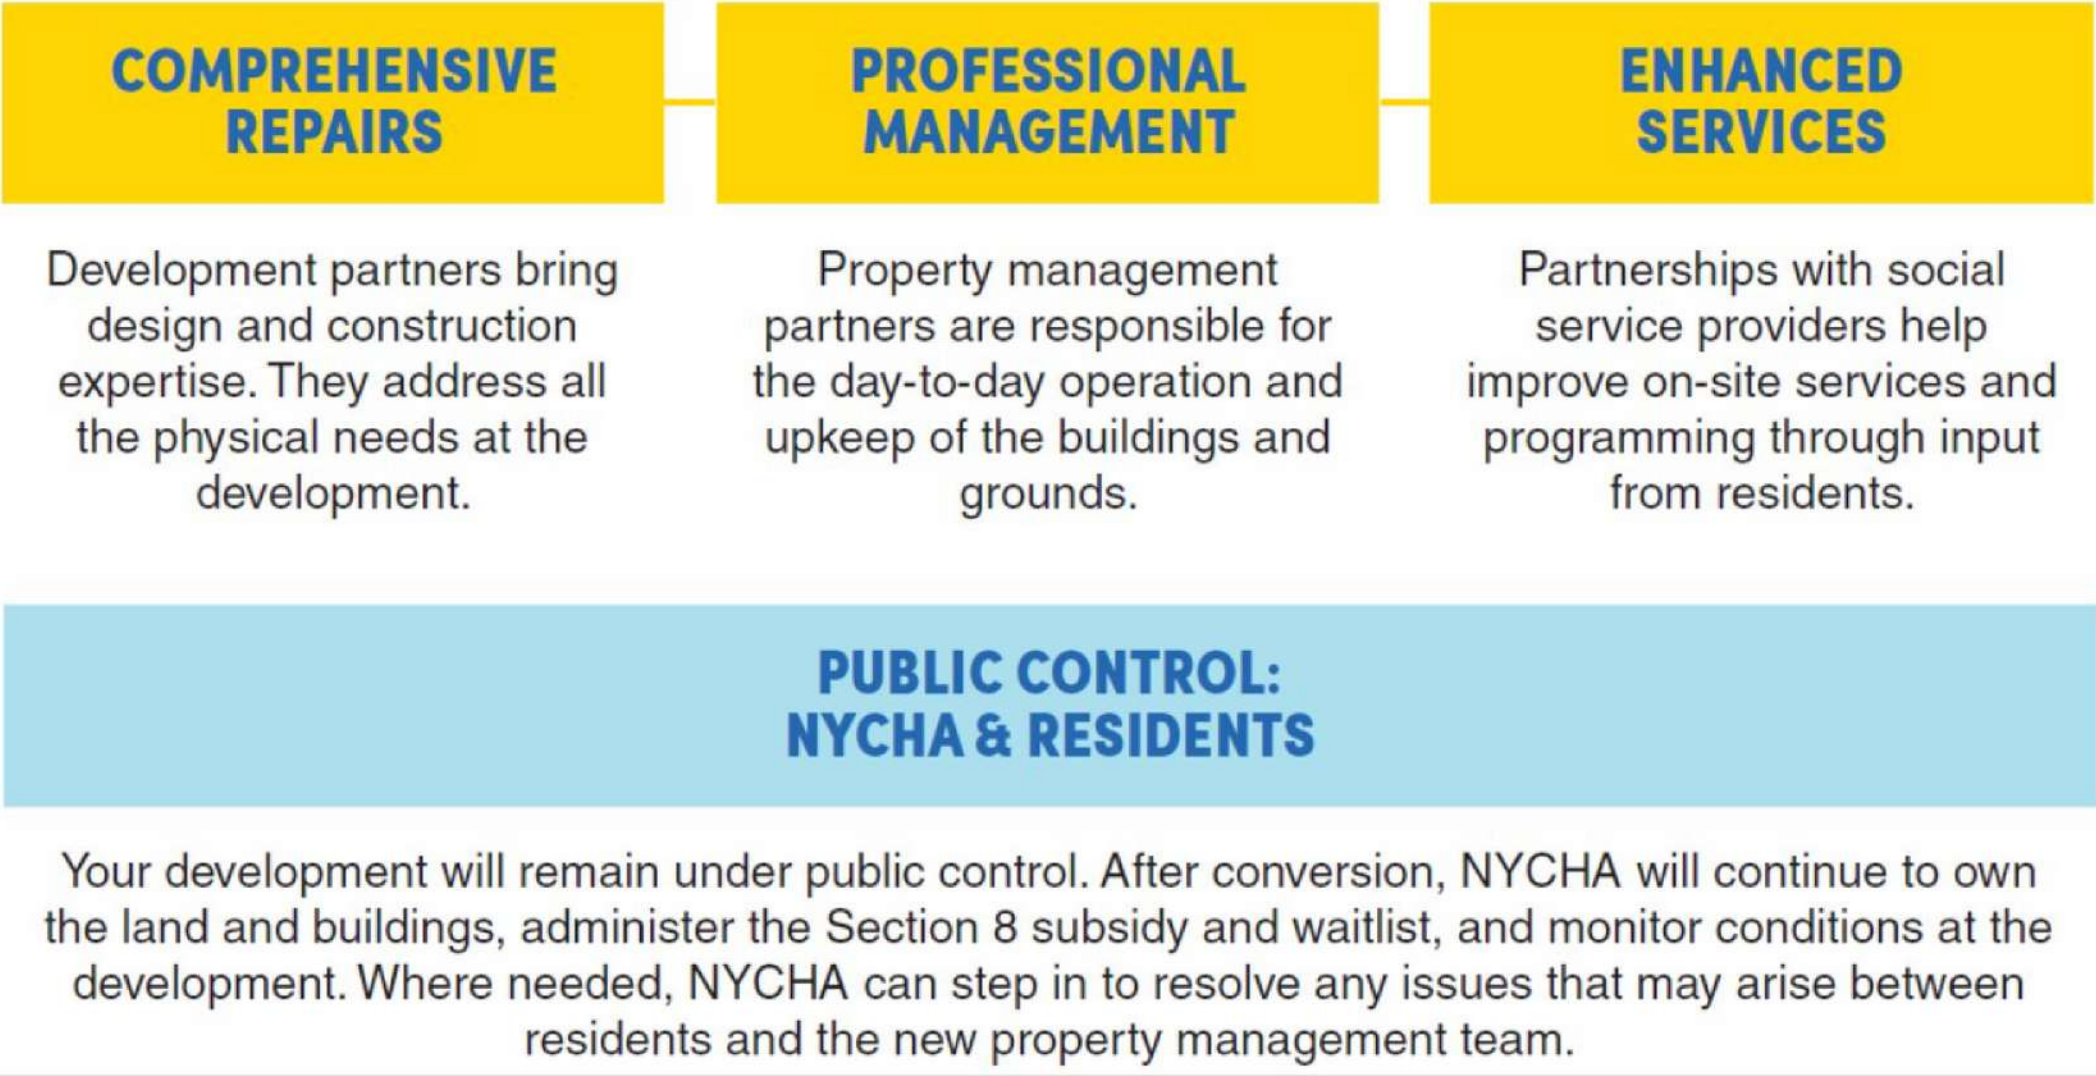

*Renovated building entrance at Ocean Bay (Bayside)*

# How PACT Works

PACT depends on partnerships with private and non-profit development partners, who are selected based on resident input.

*\* PACT uses the Rental Assistance Demonstration (RAD), which was designed to ensure that as developments transition to the Section 8 program, homes remain permanently affordable and residents have the same basic rights as they possess in the public housing program.*

# PACT Resident Protections

- All residents **continue to pay 30% of their adjusted gross household income\*** towards rent.
- Residents do **not have to pay any additional fees or charges** that are greater than what they currently pay.
- Residents have the **right to remain** or, if temporary relocation is necessary, the **right to return** to the property.
- All existing households **automatically qualify** for the Project-Based Section 8 program and be offered a new PACT lease.
- Lease agreements **automatically renew every year**, and cannot be terminated except for good cause.
- All households who are over- or under-housed are required to **move into an appropriately sized apartment** when one becomes available.
- All **moving and packing expenses are covered** by the PACT partner.
- Residents can **add relatives** to their Section 8 households, and they will have **succession rights**.
- Residents have the right to initiate **grievance hearings**.
- Residents have the opportunity to **apply for jobs** created by PACT.

\*Exceptions may apply to households who pay flat rent, are current tenant-based Section 8 participants, or a mixed family, as defined by HUD.

# Waste & Maintenance Feedback Summary

## Waste + Pest Management

- **Majority of Residents Favor Recycling Rooms**

- Concerns about removal of waste collected in these rooms; don't want to draw more rodents
- Rooms should be monitored with a camera for safety and rule enforcement
- Request for unused storage room to be recycling AND tenant storage

- **Pest Management:**

- Concerns of bed bugs, rodents & roaches

- **Improper disposal was the primary grievance for residents**

- Trash thrown out of windows
- People leave trash at the chute when it doesn't fit in the chute
- Boxes aren't properly broken down
- Glass disposal is a concern

## Active Security + Site Safety

- Residents requested better intercom with a camera at the front entrance.
- Request for parking access controls for the gate and security.
- Not enough exterior lighting; some residents don't feel safe after sunset.
